PROJECTS

Hooders – E-commerce Hoodie Store   Mar 2025 – Present
Live: hooders.netlify.app

- Developed a responsive e-commerce website for hoodie shopping using Tailwind CSS.
- Implemented product cards, navigation bar, and custom layouts inspired by real-world platforms.
- Focused on clean UI, user-friendly layout, and mobile-first design.
- Designed responsive product grid with Tailwind's utility-first classes.
- Customized hover effects, buttons, and typography for visual appeal.
- Practiced modern web design trends and improved CSS structuring.

TECHNICAL SKILLS

Languages: Java, C/C++, HTML, CSS, JavaScript (Basic)
Frameworks: Tailwind CSS
Developer Tools: Git, GitHub, Visual Studio
Currently Learning: JavaScript, GSAP, DaisyUI

ACHIEVEMENTS

- Earned Certificate of Participation in HACKWIE 3.0 Hackathon, showcasing problem-solving and teamwork skills (Jan 29–30, 2025).
